Subject: Santa Maria Refinery Rail Project

My name is Ken Larson and I retired from the refinery after 32 years of working a variety of jobs from entry level to Construction Supervisor. These jobs all provided our family with a comfortable living and allowed us to be homeowners and productive, tax paying members of the community. Please keep people like us in mind and recommend approval of the rail project for the refinery and for the many people like us that depend on our income from the refinery.

Thank you.

Ken and Darlene Larson
